

# NU-CALGON

## Liquid Scale Dissolver

*Removes Scale Quickly & Economically*

To demonstrate its greater emphasis on low foam properties, Nu-Calgon Liquid Scale Dissolver was added to a beaker containing lime scale and a leading competitive liquid product was added to a beaker of equal amount of lime scale. See the difference for yourself.

**NU-CALGON**

**COMPETITIVE PRODUCT**

- A liquid hydrochloric acid scale remover.
- Concentrated and fast acting.
- Quickly dissolves iron oxide deposits.
- Contains low-foaming corrosion inhibitors.
- 1 gallon will dissolve 3 pounds of scale.
- pH color indicator.
- Goes into solution easily without any stirring.
- Available in two convenient sizes.
