CAL-SPRAY™

electrical contact cleaner-LV

LOW VOC CONTACT CLEANER

- Removes, Dirt, Dust, Flux & Light Oils
- Fast Drying with No Residue
- Nonconductive to 12 KV
- Synergistic Blend of Brominated & Flourinated Solvents
- Safe on Most Plastics
- Meets or exceeds California VOC limits

Description

Electrical Contact Cleaner is a fast drying, nonflammable contact cleaner. It has a dielectric strength of over 12 KV and is safe for use on most plastics. This formula provides the safety and high performance cleaning without any ozone depletion potential (no ODP). Cleans oil, grease, dirt, condensation and moisture from circuit boards, precision instruments, controls, switches, motors and film (not for use on styrenes or polystyrenes).

Environmental Profile

Blend of brominated and fluorinated solvents. Contains no harsh chlorinated solvents. Possesses a zero Ozone Depletion Potential (ODP).

Packaging

Aerosol (14 oz. net wt.) 4082-04
