FEATURES:

Nu-Blast® delivers superior cleaning power on condenser coils. Designed with a high-pressure blasting nozzle and a potent solvent formula, it effortlessly dislodges and removes tough contaminants, quickly restoring optimal system performance. The no-rinse formula is perfect for locations without access to water. Nu-Blast is nonconductive, features a fresh lemon scent, and leaves behind no residue.

APPLICATIONS:

- Condenser Coils
- Window Air Conditioners
- Mobile Condenser Coils
- Small Commercial Condenser Coils

DIRECTIONS:

For use by HVACR professionals only. Ensure proper ventilation.

Turn off or disconnect unit power and clear away heavy dirt from the coil.

Wear goggles, gloves and other protective garments.

Ensure nothing behind the coil can be hit by spray. Place a cloth underneath for protection.

Spray the entire coil, using the blast pressure to loosen debris.

Let the cleaner flush soil onto the cloth. Once dry, remove the cloth.

IMPORTANT: The product may affect certain plastics including those used in newer model drain pans. Do not allow product to remain in contact with these materials. Wipe immediately with an absorbent media such as paper or cloth towels.

DANGER

Extremely flammable aerosol. Pressurized container: may burst if heated. May cause an allergic skin reaction. Causes serious eye irritation.

PREVENTION: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Avoid breathing dust, fumes, gas, mist, vapors, or spray. Wash thoroughly after handling. Contaminated work clothing should not be allowed out of the workplace. Wear protective gloves, eye protection, and face protection.

RESPONSE: IF ON SKIN: Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

STORAGE: Protect from sunlight. Do not expose to temperatures exceeding 50°C / 122°F.

DIPOSAL: Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.

CONTAINS (CAS#): Isopropylidene glycerol (100-79-8), Limonene (138-86-3), Carbon Dioxide (124-38-9), Pentaerythrityl Tetra-di-t-butyl Hydroxyhydrocinnamate (6683-19-8), Acetone (67-64-1), and Fragrance. Contains fragrance allergens. For more ingredient information visit www.nucalgon.com. 800-554-5499.
