 Nu-Calgon

Humidi-PROTM

HUMIDIFIER TREATMENT

Keeps Humidifiers Clean and Scale-Free

FLOW DIRECTION

Designed for humidifiers using up to 25 gallons per day.
Not to be used on hot water lines. Usage temps of 40°-80°F.

Will inhibit scale for one season.

Install using 1/4" compression fittings (included) and thread seal tape.

For best results, humidifier should have a daily dump of water from the sump to diminish scale forming minerals.

Clean pad or install new pad before installing.

Install Humidi-Pro on the water line that supplies water to the humidifier.

Can be installed vertically or horizontally.

FOR PROFESSIONAL USE ONLY
