THERMO-TRAP[®]

Heat Absorbing Putty

REUSABLE HEAT SINK PUTTY

Prevents damage to components during soldering, brazing and welding

FOR PROFESSIONAL USE ONLY

DIRECTIONS:

Wrap a collar of Thermo-Trap Putty between the area being heated and the material to be protected. The amount required will vary depending on job. Be sure Thermo-Trap contacts the metal surface closely all around and there are no pockets or voids where heat might transfer through. Braze, solder, weld, or cool heated areas. After the job is done, remove the Thermo-Trap Putty and place it back in the container.

KEEP OUT OF REACH OF CHILDREN

PREVENTION: Observe good industrial hygiene practices. **RESPONSE:** Wash hands after handling. **STORAGE:** Store away from incompatible materials. **DISPOSAL:** Dispose of waste and residues in accordance with local authority requirements.

Contains: Ethylene oxide (CAS 75-21-8)
