

Green Clean is a pleasantly-scented product designed for the rapid removal of grease and other heavy soils. It penetrates quickly, emulsifying the deposits for easy rinsing. It is safe, non toxic, biodegradable and non-flammable.

**DIRECTIONS FOR USE:**

**This product must be used in accordance to the following directions by HVACR professionals only.**

1. Goggles and gloves are recommended.
2. If diluting product, utilize any of the Nu-Calgon sprayers. If using concentrated, use directly from this bottle.
3. For light soils or general cleaning, mix 10 parts water to 1 part Green Clean. For fabric and vinyl upholstery, truck, boat and RV (exteriors), mix with 30 parts water. For linoleum, floor tile, no wax floors and general carpet cleaning, mix with 50 parts water. For glass windows, mirrors, stainless steel, mix with 150 parts water (about 1/4 oz. Green Clean in one quart of water). For more stubborn deposits, use Green Clean directly from the bottle. When using the Green Clean undiluted, apply water to surface or fabric first. Spray cleaning solution onto dirty surfaces and allow it to remain in contact for several minutes. Rinse surface thoroughly or wipe surface with a clean, damp cloth.
4. When container is empty, rinse, replace cap and dispose of properly.

**GREEN SELECT PRODUCTS:**

Nu-Calgon's Green Select coil cleaners are formulated with natural, renewable ingredients derived from plants and other eco-friendly resources. To support this commitment, the ingredients are continually re-evaluated to ensure they are the best available under Nu-Calgon's Green Select program.

Besides being a highly effective cleaner, Green Clean meets U.S. EPA Safer Choice Program standards; making it a safer choice for the user and the environment.

# Green Clean®

## ALL-PURPOSE CLEANER

*Heavy Duty Formula  
Concentrated Cleaner*

Pleasantly Scented Degreaser  
Environmentally Friendly,  
Biodegradable

FOR PROFESSIONAL USE ONLY

55 U.S. Gallon (208.18 Liters)

**AFFECT ON ROOFING MATERIAL:** depending on its composition and condition, the color and finish of roofing material can be affected by coil cleaners (e.g. discoloration or tarnishing). It is recommended that the coil cleaner be tested on a small area of the roof prior to cleaning, particularly galvanizing or standing seam metal roofs.

**RUBBER ROOFS:** in general, the product is safe on rubber. Where the rubber roof is impregnated with aluminum chips (i.e. modified bitumen roof), we recommend testing a small test area.

**WARNING**  
Causes skin irritation. Causes serious eye irritation.

**PREVENTION:** Wash thoroughly after handling. Wear protective gloves. Wear eye/face protection.

**RESPONSE: If on skin:** Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. **If in eyes:** Rinse cautiously with water or several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

**Inhalation:** If symptoms develop, move victim to fresh air. If symptoms persist, obtain medical attention. **Ingestion:** If swallowed: Rinse mouth. Do NOT induce vomiting. If symptoms develop, obtain medical attention.

**STORAGE:** Store away from incompatible materials. **KEEP OUT OF REACH OF CHILDREN.**

**DISPOSAL:** Dispose of contents/container in accordance with local/regional/national/international regulations.
